Not long after the previous Delong Family Reunion, Don Delong passed away. Don really looked forward to this one last chance to see many of his friends and relatives. Intestinal cancer had spread and he died on October 16 of 2002, at the age of 80. This photo shows Don and his younger brother, Peter (then age 59), at the August 11 Reunion in 2002.

Riverview Park and Zoo is situated on the west bank of the Otonabee River in the northern part of Peterborough. Access to the parking lot is from Water Street, a north/south main street which becomes Hwy. 29, leading to Lakefield. Signs will be posted near the entrance.

In Case of Poor Weather

Only in the case of severe, inclement weather will the picnic be cancelled. However, we will make last minute arrangements for an indoor display of genealogical information, and set up the computer and photocopier. The local number to call for such last minute information is 1-705-742-4585 (the Peterborough home of Betty Delong).

The Photo CD: how to improve/update

Lastly, those who came to the 2002 Reunion may have obtained the CD containing all of the Delong photos that we had collected up to that time. If you have since been able to further identify these photos, please pass this information along so that the next CD can be updated. Many of the photos on the CD were from the family photos of Don and Betty Delong. Send in your photos now if you wish to share them with others. They'll be included on the 2004 CD. You may request actual photos to be returned by mail, or you may pick them up at the reunion. Or, drop them off at Betty's. Sending photos electronically may be the easiest method. Do it today, for a memorable family keepsake!
